### Report on the Financial Statements

We have reviewed the accompanying financial statements of North American Liaison Bureau, Inc. (a Florida not-for-profit corporation) doing business as Education Congo, which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses and cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

### Accountants' Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

### Accountants' Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

### Subsequent Event: COVID-19 Pandemic

As discussed in Note 10 to the financial statements, management has evaluated the operational and financial effect on the Organization of the COVID-19 pandemic. Our conclusion is not modified with respect to that matter.

### Supplementary Information

NORTH AMERICAN LIAISON BUREAU, INC.  
d/b/a EDUCATION CONGO  
NOTES TO FINANCIAL STATEMENTS

NOTE 1 ORGANIZATION

The accompanying financial statements present the accounts and activities of North American Liaison Bureau, Inc. (the "Organization"), a Florida not-for-profit corporation doing business as Education Congo. The Organization coordinates and supports awareness and fundraising projects that advance higher education in the Democratic Republic of Congo.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

New Accounting Pronouncement

The Financial Accounting Standards Board (FASB) issued new guidance that created Topic 606, Revenue from Contracts with Customers, in the Accounting Standards Codification (ASC). The ASU and all subsequently issued clarifying ASUs replaced most existing revenue recognition guidance in U.S. GAAP. The Organization adopted the new standard effective July 1, 2019 and has adjusted the presentation of these statements accordingly.

Classification of Net Assets

The financial statements are presented in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958 dated August 2016, and the provisions of the American Institute of Certified Public Accountants (AICPA) "Audit and Accounting Guide for Not-for-Profit Organizations" (the "Guide"). (ASC) 958-205 was effective January 1, 2018.

Under the provisions of the Guide, net assets and revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Organization and changes therein are classified as follows:

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. The Organization's board may designate assets without restrictions for specific operational purposes from time to time.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors, and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity. After the donor-imposed time or purpose restriction is satisfied, donor restricted net assets are reclassified to donor unrestricted net assets and reported within the statement of activities as net assets released from restrictions.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and highly liquid investments with a maturity of 90 days or less.

NORTH AMERICAN LIAISON BUREAU, INC.  
d/b/a EDUCATION CONGO  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments

Investments are composed of publicly traded equities, common stock and mutual funds and are carried at fair value. Net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments, is presented in the statement of activities in accordance with donor restrictions as investment return. Investment return is presented net of investment fees. The average cost method is primarily used to determine the basis for computing realized gains and losses.

Fair Value of Financial Instruments

All financial instruments are carried at amounts that approximate estimated fair value. Financial Accounting Standards Board ASC 820, *Fair Value Measurement* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Organization can access at the measurement date.

Level 2

Inputs to the valuation methodology are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly such as publicly available information about actual events or transactions, and that reflect the assumptions that market participants would use when pricing the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable for the asset or liability. Unobservable inputs are defined as inputs for which market data are not available and that are developed using the best information available about the assumptions that market participants would use when pricing the asset or liability.

For the years ended June 30, 2020 and 2019, all financial instruments were considered to be level 1 inputs under the fair value hierarchy.

Agency Funds

In certain instances, the Organization acts as agent for the donor, who specifically designates funds for a certain beneficiary. These funds are transferred upon receipt to the beneficiary and are not recorded as contributions.

Functional Expenses

Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are charged to programs and supporting services on the basis of periodic time and expense studies. At June 30, 2020 and 2019 the Organization did not incur any expenses that were not directly identifiable.

d/b/a EDUCATION CONGO  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Reclassification

Certain 2019 amounts have been reclassified to conform to the 2020 presentation.

Income Taxes

The Organization is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes on related income pursuant to Section 501(a) of the Internal Revenue Code and Chapter 220.13 of the Florida Statutes, respectively.

Accounting for Income Taxes

The Organization has adopted FASB ASC 740-10, *Accounting for Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements. The interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. Based on analyses of various federal and state filing positions of the Organization, management believes that its income tax filing positions and deductions are well documented and supported.

As of June 30, 2020, the Organization had no temporary differences relating to the recognition of income and expenses for financial and tax reporting purposes. Accordingly, no deferred tax assets or liabilities are recorded. Additionally, as of June 30, 2020 the Organization had no uncertain tax positions that would qualify for either recognition or disclosure in the financial statements. Therefore, no reserves for uncertain income tax positions have been recorded pursuant to FASB ASC 740-10. In addition, no cumulative effect adjustment related to the adoption of FASB ASC 740-10 was recorded.

There have been no increases or decreases in unrecognized tax benefits for current or prior years since the date of adoption. Furthermore, no interest or penalties have been included since no reserves were recorded and no significant increases or decreases are expected to occur within the next 12 months. When applicable, such interest and penalties will be reported as income tax expense.

Since tax matters are subject to some degree of uncertainty, there can be no assurance that the Organization's tax returns will not be challenged by the taxing authorities and that the Organization will not be subject to additional tax, penalties, and interest as a result of such challenge. At June 30, 2020, the periods that remain open to examination under federal statute are for the tax years ended June 30, 2017 through 2019.

Contributions

Unconditional contributions are recognized when pledged and recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Gifts of cash and other assets are reported with donor restricted support if they are received with donor stipulations that limit the use of the donated assets.

When a restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as net assets without donor restriction support. Donations of property and equipment are recorded as support at their estimated fair value at the date of donation.

NORTH AMERICAN LIAISON BUREAU, INC.  
d/b/a EDUCATION CONGO  
NOTES TO FINANCIAL STATEMENTS

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Donated Materials and Services

The Organization records the value of donated goods or services when there is an objective basis available to measure their value. Donated services of a professional or skilled nature are presented at the estimated value of such services. Donated materials and equipment are reflected in the accompanying statements at their estimated value at date of receipt.

The Organization's Board of Directors and its officers serve without compensation. The value of these services is not recorded in the financial statements. Additionally, a number of volunteers periodically donate significant amounts of time to the Organization. No amounts have been reflected in the statements for these contributed services since the contribution of these services did not create or enhance non-financial assets or require specialized skills.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts, including certain types of assets, liabilities, revenues and expenses, as well as disclosures. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, actual results could differ from those estimated. The nature of these estimates, however, is such that variances from actual results are held to be immaterial.
